

Arrive and Secure the Scene

Lights on, then vest on, then out. The warning goes out before the person does.

PRE SHIFT

- ☐ High visibility vest
- ☐ Cones or triangles
- ☐ Flashlight
- ☐ Gloves
- ☐ Beacons tested
- ☐ Phone or camera charged
- ☐ Condition report forms

ON SCENE

- 1 Size up from the cab
- 2 Position to shield, upstream
- 3 Lights on, then vest on, then out
- 4 Cones or triangles deployed
- 5 Vehicle, traffic, where I stand
- 6 Dispatch notified, arrival time logged
- 7 Contact made, destination confirmed, bystanders clear

STOP AND CALL IT IN IF

- No shield position is available and traffic cannot be controlled.
- The officer in charge has not released the vehicle.
- Authorization on a private property tow cannot be confirmed.
- The ground will not carry the truck.
